

Get support for your precious delivery.

If you're thinking about having a baby or have one on the way, the **Maternity Support Program** is here to provide information and support — throughout your pregnancy and after giving birth.

When you enroll in the program, you'll be able to work with a maternity nurse who is available to answer your questions and help you with things like:

- Choosing a doctor or nurse midwife, and help you with finding a pediatrician or other specialist
- Information to help you take care of yourself and the health of your baby — even if your pregnancy is considered high-risk
- Support to help you manage your health — physically and emotionally — before and after your baby is born

Whatever your journey, we're here to help.

Get started today.
