

KeyBank **Plus** Achiever

C o n g r a t u l a t i o n s

Name:

Jewel Owens

Financial goals achieved:

I bought a house and paid off my car. I completed this program, which was worth each and every hour, and have been able to keep money in my savings account.

How I did it:

I stopped shopping so much and began focusing on things that were necessities, not wants. I began putting extra money on the side and shopping at the Dollar Store, so I pay less but am able to purchase more. I know that determination is my key to the future, and want my children to realize what they can have in their lives if they are ambitious and take control.

Quote:

“Relief and happiness with my loved ones is a beautiful thing and feeling. It’s like a natural high, knowing that you can get over your downfall and strive to the peak of your life. Dorothy says in *The Wizard of Oz*, ‘there’s no place like home,’ and I say, there’s nothing like having your own home. It’s the best I’ve ever felt!”
